Hi Jesse,

It is unclear to me what you are asking me to do. A meet and confer is typically to resolve an objection over a discovery demand. Here, while we did assert a general objection, my response after the objection was as follows:

...at present defendants do not have any documents responsive to your demand. Also, defendants are not aware of any witnesses with information, other than possibly the board member and Town officials present at the meeting in question and/or members of the public who were present.

I am not sure, beyond that, what you are looking for. In your April 3 letter, you refer to this as "Defendants' reluctance of disclosing the sum and substance of" what you perceive as a conflict and the reasons why Mr. Delvecchio recused himself from the October 2014 meeting. He testified he does not recall. I am not sure what other explanation there could possibly be that you are looking for.

I can be available to discuss this on the phone with you from 1 pm to 330 pm on Monday, June 24 or from 10 am to Noon on June 25, if you would like to discuss this further.

Thank you.

Phil

Jesse,

In response to your letter dated October 5, 2023, I object to the request insofar as it is ambiguous, overly broad and calls for documents and things wholly irrelevant to this case. Subject to, and without waiving the objection, at present defendants do not have any documents responsive to your demand. Also, defendants are

not aware of any witnesses with information, other than possibly the board member and Town officials present at the meeting in question and/or members of the public who were present.

Thank you and please let me know if you have any questions.

Phil
